

## **Job Shadowing**

---

*An opportunity to “walk-through” the job of a **Certified Nursing Assistant***

First, the participant will contact a facility willing to provide Job Shadowing.

After they have observed for approximately 4 hours, the Director of Nurses will talk with them about their experience and answer any questions they may have. She will also talk to them about the benefits and wage scale. She will try to assure that they understand a real picture of what their role would be as a CNA.

### **The Job Shadow Experience includes:**

- Watch a meal and feeding
- Watch a resident being assisted in toileting
- Watch a reposition and turn
- Listen in on a report for the shift
- Watch a shower or bath

Residents are asked if they would be willing to participate in this Job Shadow Experience for the interested individual.
